PROFESSIONAL SUMMARY

Motivated 4th-year Computer Science student seeking an internship position to apply and enhance skills in web development, software engineering, or application development. Eager to contribute to real-world projects while learning from experienced professionals in a dynamic IT environment.

Cavite State University – Bacoar Campus | Bacoar City, Cavite

B.S. in Computer Science (4th Year)

- **Courses:** MTV Django, Object-Oriented Programming, Data Structures, Database Management

TECHNICAL SKILLS

Languages (ordered by proficiency): Java, Python, JavaScript, PHP

Tools and Frameworks: Django, Flask, HTML5, CSS, Tailwind CSS, MySQL, MongoDB, n8n Workflow Automation, Godot Engine, GDScript

RELEVANT EXPERIENCE

AC Mobility | Muntinlupa City |

Aug. 2025 - Oct 2025

ISD Intern (Information Systems Department)

- Provided Tier-1 technical support, resolving user issues and escalating complex tickets to ensure timely resolution across the IS department.
- Managed the ticketing system by accurately assigning and prioritizing support requests, optimizing workflow efficiency for the entire team.
- Developed comprehensive documentation for the EVA Sales module, streamlining user onboarding and improving internal knowledge transfer.

PROJECTS

PETCHAT | Personal Project

- Built a fully responsive social platform exclusively for pet owners using Django, Python, JavaScript, and HTML/CSS.

GymRegistration | Personal Project

- Created a desktop application for gym membership registration using Python (Tkinter) and MongoDB, with a clean HTML/CSS front-end interface.

BGRemover | Personal Project

- Developed a Flask-based web application for removing photo backgrounds, integrating Python, MySQL, and HTML/CSS for a seamless user experience.
